

## OKS 1600 - Product Information

### Fields of Application:

Protection of surfaces of all kinds and welding nozzles for oxy-acetylene gas, inert-gas arc welding and arc welding. Prevents baking of weld spatters on surface and welding nozzle.

### OKS 1600 Spatter Release, water- based concentrate

### Advantages and Benefits:

Excellent suited as reliable transparent parting film. Effectively protects workpiece and welding nozzle against adhering of weld spatters. Later painting over, metallising and printing following prior degreasing easily possible. Environment-friendly, as water-based.

### Application:

For best results clean the surfaces, first mechanically and then with OKS 2610/OKS 2611 Universal Cleaner. Dilution with water possible to 1:5. Spray a thin layer evenly to the surface affected by welding spatters. Protect product from freezing. For further questions please contact our Technical Department.

### Additional Information:

Packaging (Article number):

- 5 l Canister (01600050)
- 25 l Canister (01600062)

Version:  
E-05.1/05
